

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our Intention is for all students to Achieve positive progress 8 this is irrespective of the students starting points within the academy or they challenges they face.

To enable all students to achieve the maximum progress we will ensure high quality first teaching. To achieve this we will Ensure all ECT teachers are supported and reach the expected levels ensuring all mentors are trained and time is allocated for support .

We will be responsive to staff needs through providing high quality CPD including the use of IRIS

Our approach will be responsive to student needs providing feedback that drives student progress and targeted tutoring in Maths, English and Science for underachieving Pupil premium students.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Lack of personal resilience for some pupil premium students as demonstrated by the behaviour logs of some PP students on joining the school
2	Lack of engagement in education for some pupil premium students as demonstrated by a two % point gap in attendance in 2020/2021
3	Gaps in knowledge due to missing education or disengagement as demonstrated by the average progress of PP students being -0.4 below NPP students.
4	Lack of progress in English and Maths GCSE demonstrated by the average progress of PP students being -0.4 below NPP students.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Disadvantaged pupil performance overview for last academic year

Strategy aims for disadvantaged pupils -

Student engagement

PP attendance 2020/2021 92.0%

PP attendance 2019/2020 92.2%

Student behaviour 2020/2021

There were no Fixed term exclusion or Permanent exclusions for PP students in 2020/2021. This compares with 16 FTE and 1 PEx in 2019/2020 and 25 FTE and 1 PEX in 2018/19. The target was for a 20% reduction so this reduction of 100% is exceptional.

Student outcomes 2020/2021

PP student progress in 202/21. Students were tested on return from the Lockdown in September 2020 to see what gaps they had in their learning. This formed the basis of interventions and grouping for the students. The data showed that students were on average 2.08 grades below where target data would place them. By the end of the year this had been reduced to -0.4 grades, progress of 1.68 grades in the year. The Percentage of Grade 5+ in English and maths increased by 19%.

Student outcomes 2020/2021

Measure	September 2020	TAGs May 2021
Ebacc entry	0	0
Attainment 8	26	48.28
Percentage of Grade 5+ in English and maths	26%	45%

It is hard to compare student outcomes for the previous three years due to the use of TAGs. But the data is shown below for the previous three years for PP students.

Student outcomes 2019/2020

Progress 8	0.28
Ebacc entry	26%
Attainment 8	48.12
Percentage of Grade 5+ in English and maths	42%

Student outcomes 2018/2019

Progress 8	-1.76
Ebacc entry	26%
Attainment 8	33.4.
Percentage of Grade 5+ in English and maths	42%
